

Introducing

CAMOBORD®41

4-in-1 Structural Insulated Sheathing Hidden Features | Obvious Benefits

Introducing Camoboard®41...our new, comprehensive Structural Insulated Sheathing System delivering features and benefits for everyone...Builders, Installers, Distributors and Homeowners.

4 Great Solutions in 1 Powerful Product!

- Continuous Insulation (CI) powered by GPS Foam (Graphite Polystyrene)
- OSB Structural Sheathing
- Water-Resistive Barrier
- Air Barrier

Builder Benefits

- Get homes "dried-in" faster for electric and plumbing trades
- Product confidence from the inventor of laminated foam-backed siding
- Build more homes with the same amount of labor
- Reliable support
- Less waste

Efficient and Easy to Install

- Detailed Installation Instructions
- Guidelines pre-printed on film facer
- Approved tapes can be used for WRB
- Specified nail gun

Lower Total Cost

- Estimated 30% reduction in time to install
- Reduce labor costs with fewer laborers needed
- Save up to 2 days on a build

Installer Benefits

- No itching!
- Lighter weight versus other options
- Durable – can walk on foam while assembling panels to framing on the ground

Durable and Protective

- Composites, layered product
- "Wood-to-wood" installation of OSB to studs provides better shear strength and structural integrity
- Polypropylene film-facer protects foam
- Film and foam protect OSB from moisture. No more house wrap blowing off
- Tough on the job site

Options to Meet Your Needs

Width/Height	Thickness
▪ 4' x 8'	▪ R3.5 (1")
▪ 4' x 9'	▪ R5.5 (1.5")
	▪ R8 (2")

PROGRESSIVEFOAM®

EXPECT EXTRAORDINARY

CAMOB[®]BOARD41

Specifications

- Sizes: 4' x 8' or 4' x 9'
- Thicknesses:
 - R3.5 = 1"
 - R5.5 = 1.5"
 - R8 = 2"

- ✓ Time Reduction
- ✓ Less Waste
- ✓ Better Performance
- ✓ Extend Labor Force

Unfaced Side of Foam

- Laminated to OSB (7/16")
- Specially formulated adhesive and proven processes

Film-faced Side of Foam

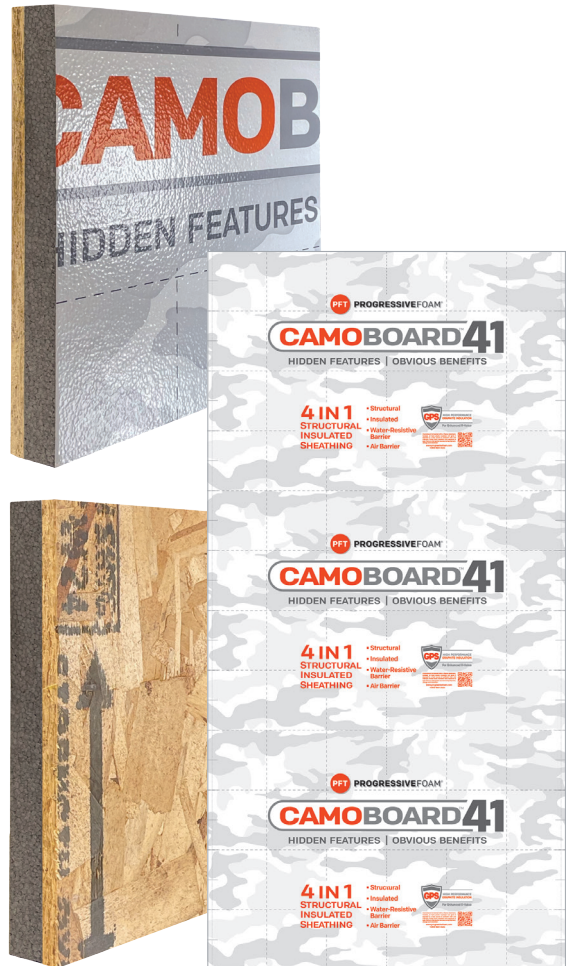

- Durable, protective 1.5 mil White Opaque Polypropylene Film Facer
- Laminated to foam with special adhesive and proven processes
- Remains exposed for WRB and Air Barrier performance when taped

Technical Support

- Technical Data Sheet (TDS)
- Technical Evaluation Report (TER)
- Product label with spec details
- Installation Instructions and Support

Sales Support

- Dedicated Territory Managers and Customer Service Team
- Product knowledge and sales training
- Samples
- Sales Literature
- Slide Deck
- Warranty

For over 32 years, Progressive Foam Technologies has forged the path in foam-insulated cladding systems. Now you can experience the advantage of our latest innovation with Camoboard 41.

Connect with your Territory Manager for complete details and see first-hand how Camoboard 41 can help you achieve the optimum results at the lowest cost.
